GENERAL PRINCIPLES

1. Subject to paragraph 2 below, the procedures set forth herein are intended to govern the administration of the settlement agreements entered into in the following automotive price-fixing class actions:
 - (a) Air Conditioning Systems;
 - (b) Anti-Vibration Rubber Parts;
 - (c) Autolights;
 - (d) Automotive Exhaust Systems;
 - (e) Braking Systems;
 - (f) Door Latches & Closure Systems;
 - (g) Ignition Coils;
 - (h) Instrument Panel Clusters; and
 - (i) Shock Absorbers.

(the “Settlement Agreements”).

2. Settlement Class Member Claims in the Braking Systems and Door Latches & Closure Systems actions will be collected pursuant to paragraphs 30 to 58 below. However, as those actions are ongoing, no settlement funds will be distributed at this time. After those actions resolve in full, a further Court order will be sought approving a proposed methodology for distributing settlement funds in those cases.

3. The administration shall:
 - (a) implement and conform to the Settlement Agreements, orders of the Courts and this Distribution Protocol;
 - (b) employ secure, paperless, web-based systems with electronic registration and record-keeping wherever possible; and
 - (c) rely on the Automakers Data wherever economically feasible.
4. This is the third distribution in the Canadian auto parts price-fixing class actions. In the context of the Second Omnibus Distribution, Settlement Class Members were advised that the Second Omnibus Distribution was the only opportunity to file a claim in respect of the brands covered by that distribution. Accordingly, in the context of this Distribution Protocol, Settlement Class Members can only claim in respect of brands not included in the Second Omnibus Distribution.
5. Where a Settlement Class Member filed a claim in the Second Omnibus Distribution and consented to that information being used in subsequent distributions, that Settlement Class Member will automatically be considered for compensation in this Distribution Protocol.
6. Where a Settlement Class Member filed a claim in the Second Omnibus Distribution and did not consent to that information being used in subsequent distributions, that Settlement Class Member will be sent an email at the start of the claims process to provide an opportunity to change their election. If the Settlement Class Member does not change their election, they will not be considered for compensation in respect of the brands covered by the Second Omnibus Distribution Protocol.

DISTRIBUTION OF SETTLEMENT FUNDS

Categorization of Settlement Class Members

8. Settlement Class Members will be categorized into the following purchaser groups based on their position in the distribution chain:
- (a) ***Automakers*** has the meaning ascribed in paragraph 7(c) above;
 - (b) ***Canadian Automakers*** has the meaning ascribed in paragraph 7(e) above;
 - (c) ***Dealer*** means a Settlement Class Member who purchased Affected Vehicles from the Automakers or a subsidiary thereof, for resale to End Users; and
 - (d) ***End User*** means a Settlement Class Member who purchased or leased an Affected Vehicle(s) for its own use and not for commercial resale.

Calculation of Payments

Canadian Automakers

9. The following amounts will be allocated from the Net Settlement Funds for payment to the Canadian Automakers who purchased at least \$500,000 of the Relevant Part during the Event Period and/or Post Event Period, and whose claim has not otherwise been released by virtue of the parallel U.S. direct purchaser actions and/or private settlement:

Relevant Part/ Class Action	Canadian Automakers	Allocation
Air Conditioning Systems	Suzuki Motor Corporation	\$65,000
Anti-Vibration Rubber Parts	Suzuki Motor Corporation	\$85,000
	Toyota Motor Manufacturing of Canada	\$85,000
Autolights	Toyota Motor Manufacturing of Canada	\$40,000
Ignition Coils	FCA Canada Inc.	\$40,000
	General Motors Canada	\$40,000
Instrument Panel Clusters	Toyota Motor Manufacturing of Canada	\$30,000
Shock Absorbers	Toyota Motor Manufacturing of Canada	\$60,000
	Suzuki Motor Corporation	\$60,000

10. To the extent that the amounts allocated in paragraph 9 are unclaimed, the funds will be distributed to qualifying Settlement Class Members in accordance with paragraphs 11 to 20.

Automakers, Dealers and End Users

11. For each class action identified in paragraph 1, the Net Settlement Funds, less any funds distributed to the Canadian Automakers, will be distributed to qualifying Settlement Class Members *pro rata* (proportionally) based on the value of the qualifying Settlement Class Member's Affected Vehicle Purchases as against the value of all qualifying Settlement Class Members' Affected Vehicle Purchases.

12. Settlement Class Members might be eligible for settlement benefits in more than one of the class actions identified in paragraph 1. In such an event, separate calculations will be made for each relevant class action. For example, if a Settlement Class Member is eligible to participate in the distribution of settlement funds in the Ignition Coils and Shock Absorbers class actions, separate calculations will be made for each class action.

13. For the purposes of the *pro rata* distribution, Affected Vehicle Purchases will be calculated based on:

- (a) the purchase price of the Affected Vehicle (see paragraphs 14 to 16);
- (b) the timing of the Affected Vehicle purchase or lease (see paragraph 17); and
- (c) the categorization of the Settlement Class Member (see paragraph 18).

(a) The Purchase Price of the Affected Vehicle

14. End User: Where a Settlement Class Member is an End User, the purchase price of the Affected Vehicle Purchases shall be calculated as follows:

- (a) for purchases and/or leases that are disclosed in the Automakers Data and/or additional purchases and/or leases of up to fifteen (15) Affected Vehicles:
 - (i) purchases (including through a buy-out of a lease), shall be calculated based on the following purchase values:

MSRP¹ of Affected Vehicle	Purchase Value
MSRP less than \$40,000	\$30,000
MSRP between \$40,000 and \$60,000	\$50,000

¹ For each model, the MSRP was determined by averaging the MSRP of all trim levels of the Affected Vehicle over the longest relevant period, as disclosed in paragraph 7(a).

MSRP¹ of Affected Vehicle	Purchase Value
MSRP between \$60,000 and \$80,000	\$70,000
MSRP over \$80,000	\$100,000

- (ii) leases not subsequently purchased, shall be calculated based on 40% of the MSRP, as per the chart above.
 - (b) for purchases and/or leases of more than fifteen (15) Affected Vehicles not disclosed in the Automakers Data, the Net Purchase Price shall be calculated based on the purchase price information provided by the End User as part of the claims process (including in response to any audit).
15. Dealer: Where a Settlement Class Member is a Dealer:
- (a) for purchases and/or leases of Affected Vehicles that are disclosed in the Automakers Data, purchases shall be calculated based on the information contained in the Automakers Data. Where the Automaker Data contains the MSRP only, the purchases shall be calculated based on the MSRP of the Affected Vehicle less 7%.²
 - (b) for purchases and/or leases of Affected Vehicles that are not disclosed in the Automakers Data, the Net Purchase Price shall be calculated based on the purchase price information provided by the Dealer as part of the claims process (including in response to any audit).

² The MSRP of each Affected Vehicle will be calculated by averaging the MSRP of all trim levels of that Affected Vehicle during the model year.

16. Automaker: Where a Settlement Class Member is an Automaker, the Net Purchase Price shall be calculated based on the purchase price information provided by the Automaker as part of the claims process (including in response to any audit).

(b) The Timing of the Affected Vehicle Purchase or Lease

17. For the purposes of calculating Affected Vehicle Purchases, the following values will be applied in order to account for the timing of the purchase:

(a) purchases or leases entered into during the Event Period as set out in paragraph 7(a) will be valued at 100%; and

(b) purchases or leases entered into during the Post Event Period as set out in paragraph 7(a) will be discounted by 50%.³

(c) The Categorization of the Settlement Class Member

18. For the purposes of calculating Affected Vehicle Purchases, the following values will be applied in order to account for the capacity in which the Affected Vehicle was purchased:

(a) purchases or leases by an Automaker will be valued at 7.5%;

(b) purchases or leases by a Dealer will be valued at 25%; and

(c) purchases or leases by an End User will be valued at 67.5%.

³ Where a Settlement Class Member purchased Affected Vehicles in a year that falls partly within the Event Period and partly within the Post Event Period and the Claims Administrator is not easily able to determine based on the information provided by the Automakers and/or the Settlement Class Member when during the relevant year a purchase was made, the purchases will be allocated in proportion to the number of months falling within the Event Period vis-à-vis the Post Event Period. For example, assuming the Event Period ends in May 2013, 5/12 of Settlement Class Members' Affected Vehicles purchases in 2013 would be treated as occurring during the Event Period and the remaining 7/12 of the Affected Vehicle purchases in 2013 would be treated as occurring during the Post Event Period.

Sample Calculation

19. If an End User purchased Affected Vehicles with purchase prices totaling \$50,000 during the Event Period and \$150,000 during the Post Event Period, its Affected Vehicle Purchases for the purposes of determining its *pro rata* share of the Net Settlement Funds would be calculated as follows:

$\$50,000$ (representing the purchase price) \times 1 (representing the timing of the purchase or lease) \times 0.675 (representing the categorization of the Settlement Class Member as an End User) = $\$33,750$

Plus

$\$150,000$ (representing the purchase price) \times 0.5 (representing the timing of the purchase or lease) \times 0.675 (representing the categorization of the Settlement Class Member as an End User) = $\$50,625$

For a total of $\$84,375$

20. Assuming the value of all qualifying Settlement Class Members' Affected Vehicle Purchases totalled \$10 million, this Settlement Class Member would be entitled to 0.84% ($\$84,375/\10 million) of the Net Settlement Funds.

Distribution

21. In consultation with Class Counsel, the Claims Administrator can seek directions from the Ontario Court and the Quebec Court with respect to the distribution of the Net Settlement Funds to ensure a fair and cost effective distribution of the Net Settlement Funds.

22. Notwithstanding any other provision in this Distribution Protocol and subject to further order of the Ontario Court and the Quebec Court following the adjudication of all Claims, where:

- (a) the Settlement Class Member's compensation in the Second Omnibus Distribution was increased to the minimum payment of \$25;
- (b) the Settlement Class Member is not claiming for Newly Included Vehicles; and
- (c) the Settlement Class Member's entitlement under the within Distribution Protocol is less than \$5

the Settlement Class Member will receive no further compensation. This threshold for payment shall be applied only after summing all payments under the class actions identified in paragraph 1. For example, if a Settlement Class Member is entitled to \$2 pursuant to the Ignition Coils class action and an additional \$4 pursuant to the Shock Absorbers class action, the Settlement Class Member would be eligible for payment.

23. In addition, notwithstanding any other provision in this Distribution Protocol and subject to further order of the Ontario Court and the Quebec Court following the adjudication of all Claims, all valid Claims (other than those described in paragraph 22 above) will be assigned a minimum value of \$25. The \$25 valuation target is not an estimate of any damages suffered. It is a minimum administrative threshold designed to maintain a feasible economic and administrative platform for the settlement distribution. The \$25 valuation shall be applied only after summing all payments under the class actions identified in paragraph 1. For example, if a Settlement Class Member is entitled to \$17 pursuant to the Ignition Coils class action and an additional \$6 pursuant to the Shock Absorbers class action, for a total claim value of \$23, the Settlement Class Member would receive a \$2

increase, for a total payment of \$25. The increase would be applied against the relevant Net Settlement Funds on a proportional basis.

24. To the extent that the full Net Settlement Funds are not paid out due to uncashed e-transfers or cheques, residual interest or otherwise, the remaining funds will be distributed as follows:

- (a) if the amount is equal or less than \$20,000.00, the monies shall be paid to Pro Bono Canada, less any amounts payable to the Quebec Fonds d'aide aux actions collectives, pursuant the *Act respecting the Fonds d'aide aux actions collectives*, CQLR c. F-3.2.0.1.1 and calculated in accordance with the *Regulation respecting the percentage withheld by the Fonds d'aide aux actions collectives*, R.S.Q. c. F-3.2.0.1.1, r. 2. The portion of the remaining funds, if any, that will be allocated to Quebec Settlement Class Members will be the combined total of the actual uncashed payments to Settlement Class Members located in Quebec, and 23%⁴ of any other residual amount that are not linked to a particular Settlement Class Member such as interest; or
- (b) if the amount is greater than \$20,000, further direction shall be sought from the Ontario and Quebec Courts.

Accounting for Other Compensation and/or Release of Claims

25. Subject to paragraph 26, Settlement Class Members seeking compensation must disclose any compensation received and/or release granted through other proceedings or private

⁴ 23% represents the portion of the Canadian population that resides in Quebec based on information from Statistics Canada's website.

out-of-class settlements in relation to their purchases of Relevant Parts and/or Affected Vehicles.⁵

26. Settlement Class Members may elect to forego participation in the distribution of settlement funds on a per case and/or per defendant basis. If the Settlement Class Member so elects, the Settlement Class Member does not need to comply with paragraph 25 above in respect of the relevant case or defendant.
27. If the Settlement Class Member's claim was released against all Defendants in any particular class action, the Settlement Class Member shall be deemed ineligible for compensation in that class action.
28. If a Settlement Class Member provided a release in respect of a subset of Defendants in any particular class action, the Settlement Class Member shall not be permitted to participate in the distribution of any settlement funds attributable to that subset of Defendants in that class action. For example, if the settlement funds total \$10 million and the subset of Defendants released by the Settlement Class Member settled the class action for \$7 million, the Settlement Class Member would be eligible to participate in the distribution of 3/10 of the Net Settlement Funds.
29. If the Settlement Class Member received compensation from one or more Defendants in any particular action, but did not release its claim against the applicable Defendants in its entirety, the Settlement Class Member must give credit for the compensation received. For example, if the Settlement Class Member's pro rata distribution of the Net Settlement

⁵ Settlement Class Members who filed a claim in the Second Omnibus Distribution were required to provide this information for all Canadian auto parts price-fixing class actions as part of their claim.

Funds is \$50,000, but it received compensation in the amount of \$30,000, its entitlement under this Distribution Protocol would be \$20,000.

- (b) Where a Settlement Class Member did not receive a notice pursuant to (a) above or is claiming for additional purchases of Affected Vehicles, the Claims Administrator shall attempt to substantiate any claimed purchases of Affected Vehicles using the Automakers Data. Where the Claims Administrator is able to substantiate the purchases, no further information is required and those purchases shall be approved for payment (provided the Settlement Class Member otherwise satisfies the eligibility requirements). Where the Claims Administrator is unable to substantiate the purchases, the process contained in paragraphs 51 to 56 shall apply.

If the issue(s) is not corrected within the thirty (30) day period, the Claims Administrator may reject the Claim.

Claim Audit

53. The Claims Administrator shall audit a subset of Claims for accuracy. This audit will determine whether the Settlement Class Member provided adequate proof of purchase and otherwise met the requirements of this Distribution Protocol. The Claims Administrator shall audit:
- (a) any Claims that relied on extrapolation of purchases based on purchase records for part of the Class Period (see paragraph 41);
 - (b) the Claims that account for the top 85% of Claims by Affected Vehicle Purchases, where the Settlement Class Member's purchases and/or leases of Affected Vehicles are not substantiated by the Automakers Data; and
 - (c) a random selection of between 5 and 15% of other Claims where the Settlement Class Member claimed for purchases and/or leases of more than 15 Affected Vehicles.
54. In addition, at its sole discretion, the Claims Administrator can elect to audit for accuracy any other Claim. In exercising this discretion, the Claims Administrator will consider, among other things, whether there is any reason to believe a Claim is duplicative and/or contains inaccurate or misleading information.
55. Where a Claim is selected for audit pursuant to paragraphs 53 or 54 and the Settlement Class Member did not provide documentary proof of purchase with the Claim, the Claims Administrator shall notify the Settlement Class Member that the Settlement Class Member's Claim is the subject of an audit and the requirement to provide documentary proof:

- (a) For Settlement Class Members who purchased and/or leased up to fifteen (15) Affected Vehicles not substantiated by the Automakers Data, documentary proof can be in the form of invoices, receipts, original purchase or lease records, insurance documentation, government vehicle identification history documentation, or historical accounting records.
- (b) For Settlement Class Members who purchased and/or leased more than fifteen (15) Affected Vehicles not substantiated by the Automakers Data, documentary proof can be in the form of invoices, receipts, original purchase or lease records, purchase summaries provided by an Automaker⁸, or historical accounting records.

The Claims Administrator will provide the Settlement Class Member with instructions for remedying the issue(s) (which may include providing proof of purchase in accordance with paragraph 55) and shall provide (30) days from the date of such notice to remedy the issue(s). If the issue(s) is not corrected within the thirty (30) day period, the Claims Administrator may reject the Claim Form.

- (b) classify the Settlement Class Member's Affected Vehicle Purchases as being made by an Automaker, Dealer or End User; and
- (c) make a determination of the Affected Vehicle Purchases in respect of which the Settlement Class Member is entitled to settlement benefits in accordance with this Distribution Protocol and any related Court orders.

60. At its sole discretion, the Claims Administrator can reject a Claim, in whole or in part, where, in the Claims Administrator's view, the Settlement Class Member has submitted insufficient or false information or has otherwise engaged in fraudulent conduct.

61. The Claims Administrator shall send to the Settlement Class Member a decision as to: (i) the approval or rejection of the Claim; (ii) the classification of purchases as being made in the capacity of an Automaker, Dealer or End User; and (iii) the determination of the Affected Vehicle Purchases (the "Decision Notice"). Where the Claims Administrator has

rejected all or part of the Claim or re-classified the Settlement Class Member's purchases, the Claims Administrator shall include in the Decision Notice its grounds for doing so.

62. The Claims Administrator's decision will be binding upon the Settlement Class Member, subject to the Settlement Class Member's limited right to appeal, as outlined in paragraphs 63 to 69.

63. The right to appeal is limited to circumstances where the dispute as to the value of the Affected Vehicle Purchases is equal to or greater than \$1,000,000.
64. Appeals must be submitted within thirty (30) days from the date of the Decision Notice.
65. Appeals will be determined by the Ontario Court and the Quebec Court or a third party designated by the Ontario Court and the Quebec Court.
66. Appeals will be on the basis of written submissions, supported by the documentation provided to the Claims Administrator by the Settlement Class Member as part of the claims process. Settlement Class Members are not permitted to provide any new documentation as part of the appeal. Any new documentation provided as part of the appeal will not be provided to the Ontario Court and the Quebec Court or their designee for consideration.
67. The Claims Administrator must provide to the Ontario Court and the Quebec Court or their designee a copy of the documentation provided by the Settlement Class Member in response to requests for additional information, the Decision Notice, and any other information that might be reasonably useful in the determination of the appeal, and make written submissions to the Ontario Court and the Quebec Court or their designee as is

reasonably necessary. Additionally, Class Counsel may provide written submissions to the Ontario Court and the Quebec Court or their designee as is reasonably necessary.

68. Notwithstanding the foregoing, the Ontario Court and the Quebec Court or their designee, acting in its sole discretion, can request oral submissions (to be provided via teleconference or videoconference, as requested by the Ontario Court and the Quebec Court or their designee) from the Settlement Class Member, Claims Administrator, and/or Class Counsel.
69. The decision on the appeal is final and binding and shall not be subject to any further appeal or review whatsoever.
70. At the discretion of the Ontario Court and the Quebec Court or their designee, the Settlement Class Member may be required to pay for the costs of the appeal.

Payment of Claims

71. Subject to paragraph 72, as soon as practicable after the claims evaluations and any appeals are completed, the Claims Administrator shall:
 - (a) report to Class Counsel the particulars of the proposed distribution to each eligible Settlement Class Member; and

73. Individual Settlement Class Members will be paid by e-transfer through email where an email address has been provided, or cheque where no email address has been provided or the Settlement Class Member has elected to be paid by cheque. Where an individual Settlement Class Member elects to receive payment by cheque, \$2 will be deducted from that Settlement Class Member's payment to reflect the cost of issuing a cheque. Any costs associated with locating current address information for the Settlement Class Member shall be deducted from that Settlement Class Member's settlement benefits.
76. Where a Settlement Class Member requests that an e-transfer be reissued or an e-transfer is reissued because the Settlement Class Member failed to deposit the e-transfer at first instance, some or all of the cost of reissuing payment (as determined by the Claims Administrator in consultation with Class Counsel) may be deducted from that Settlement Class Member's settlement benefits.
